

Big Tree Country

All are welcome to come along to the village hall at Grandtully to enjoy a talk by **Syd House**, Forestry Commission Conservator for the Perth and Argyll Conservancy, author, film maker and originator of the Perthshire 'Big Tree Country' concept.

This is an opportunity to meet the Trustees and give them the benefit of your opinions. You could join the Trust. You could offer suggestions for the future management of Dùn Coilich. The trees planted will grow, renewing the habitat, creating biodiversity and helping to offset climate change.

Your ideas and involvement in this community-owned land are needed. Dùn Coilich is a place for you, your children and your grandchildren.
